

DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE NO. 1/3  
PRIORITY NATIONAL INTELLIGENCE OBJECTIVES

QUARTERLY SUPPLEMENT  
(Effective 5 January 1967)

FOREWORD

DCID No. 1/3, revised annually, is intended to serve as a stable basis for long-term intelligence planning by identifying the most critical intelligence problems likely to persist over the next several years.

The purpose of this Quarterly Supplement is to provide more current and specific guidance within the context of DCID No. 1/3, by calling attention to elements in the world situations which, within the next six months or so, may justify some augmentation of effort. This Supplement excludes situations or questions which are already explicitly listed in DCID No. 1/3 as being of high priority. It supersedes all previous Quarterly Supplements.

It is not the function of this Supplement to present a complete listing of all matters of high intelligence interest. Like DCID No. 1/3 itself, the Supplement presupposes that the bulk of the intelligence required for the formulation and execution of national security policy will be the product of normal coverage pursuant to DCID No. 1/2.

This Supplement will be superseded by another in April 1967.
